

# **We Can't Do It Without Jesus**

Words and Music by Joseph  
© 2018 Angel Records and Publishing

You see all the hurt in the world  
You see all the fear  
Murder and robbery  
Hatred and Tears  
You see all the drugs in the world  
You see all the vice  
Yet children are growing up here  
It's not very nice

So you really want to change the world?  
Want to make it right?  
But wrestle not against flesh and blood  
Take the armor of light

We can't do it without Jesus  
We can't do it without Him  
We can't do it without Jesus  
To turn our hearts from sin

Smog it is plugging the air  
And water can't drink  
The words that we hear "on the air"  
The worst of them stink  
And some cry "save the whales"  
And other ones too  
If things to not change  
What is it we'll do?

All your societies  
Your rules and your laws  
Can't change the hearts of men  
And that's the real cause
