Watching  
Waiting  
Praying for your return  
Hoping  
Longing  
You're coming again

If we're not watching you come  
A thief in the night  
The trumpet will sound and we will  
All be left behind So we're...

Lifting my eyes to see you  
Coming on high  
The host of heaven with you  
Garments brilliant white So we're...

Will you let it surprise?  
The one with nail scars, He will ride  
Will you look upon the one  
Pierced but now He's alive So be...
